Hawaiian Dance for Members of Fleet

(By Associated Press.)
HONOLULU, July 18.—The Atlantic battleship fleet kept open house today and throngs of visitors crowded the decks of the warships all day. The shore officers attended luau (native feast) which was concluded with a dance by Hawaiian girls decked in wreaths and chains of blossoms in accordance with native customs. This afternoon the officers were the guests of the entertainment committee on an excursion to Pearl harbor, the scene of the proposed naval station. Rear Admiral Sperry today returned the official visits of foreign consuls. Monday night Chief Justice Hartwell of the supreme court gives a dinner in honor of Admiral Sperry and the entertainment committee provides amusement for the enlisted men in the form of a grand ball at Waikiki beach.

The Glacier sails for the Fiji islands tomorrow, one day in advance of the fleet. The Culgoa departs for the same point. By this arrangement the fleet is in constant communication with the cable. The officers of the Nebraska today were released from quarantine and the crew is being examined as rapidly as possible, 250 men being already passed by the doctors.

INSURE AGAINST BRYAN'S ELECTION

NEW YORK, July 18.—Lloyd's of London, the underwriting firm, has accepted a new risk during the last few days. The firm has been writing policies on the election of William J. Bryan. It has placed over \$500,000 worth in the Wall street district since Tuesday. The rate is 10 per cent. Policies have been taken out mainly by brokers and financiers who are long on the market and who are anxious to hedge against a smash in stocks in the event of Bryan's election. In other words, at the 10 per cent rate, the policy holder has bet, say \$10,000 against \$100,000 that Bryan will be elected. The only difference is that, in either event, Lloyd's keep the \$10,000, thus making the odds against Bryan 9 to 1.
Hortschmann and Mahoy, insurance brokers of 18 Exchange place, said today they did a business of \$445,000 in one day and have applications for \$1,000,000 more, for which they were waiting Lloyd's confirmation.

BULLION DEPOSITS PAID IN EXCHANGE

(By Associated Press.)
WASHINGTON, July 18.—Secretary Cortelyou has revoked the instructions to United States mints and assay offices of May 29 last directing that after June 10 payments for deposits of gold bullion should be made only in coin or bars or by check on the local sub-treasury or depository bank. This order was issued with a view to relieve the large accumulations of bullion in western mints and assay offices; but the secretary finds that in practice the new order produced unsatisfactory results and therefore the old method of paying for bullion deposits in New York, Philadelphia, Chicago, St. Louis or San Francisco exchange, as well as in coin in bars, has been re-established.

Goes Squarely on Record as to Campaign Contributions —Delivers Solar Plexus to Labor Leader's Assumption of Control of Voters.

(By Associated Press.)
HOT SPRINGS, Va., July 18.—"The National Republican committee will accept no contributions from corporations," said Judge Taft, presidential candidate of the Republican party, today in an interview in which he also referred to labor, prohibition and other questions. Taft said that not only would the law of New York state, providing for publicity of campaign funds be obeyed by the National Republican committee, but the federal law prohibiting such contributions by corporations in connection with the election of president, vice president, representatives and senators would be obeyed without any question of validity that might arise with respect to any provision of that law.
In regard to labor leaders' rights to influence members of an organization, Taft said he did not believe there was a so-called class of the American electorate whose votes would be delivered by the leaders.

Allege Graft on Part By Tonopah Miner

DENVER, July 18.—The question of a closer working agreement with the United Mine workers of America was brought officially before the convention of the Western Federation of Miners this afternoon. The matter came up during the consideration of President Moyer's annual report, in which he advocated such an agreement. The fight against affiliation of any sort was lead by George Hutchinson, but he was badly defeated. The president was instructed to appoint a committee of five to devise ways and means whereby a working agreement will be obtained. The morning session was consumed in the consideration of a case of alleged graft on the part of a Tonopah (Nev.) miner.

BONI DEMANDS HIS CHILDREN

(By Associated Press.)
PARIS, July 18.—Count Boni de Castellane today formally filed suit for revision of the decree of divorce granted against him to his wife, who was Miss Anna Gould of New York, such as will give him custody of his three children. The hearing has been set for July 17.
The principal ground set forth by Count Boni is that the past record of the Princess de Sagan marks him as unworthy to be in close relationship to the children. The conduct of the princess in traveling with the pretree prior to the marriage of the pair also is involved. If allowed to remain with the Sagnas, the summons declares, the children would be brought up to dislike their father. As a corollary, the count asks the court to order the mother of the children to contribute \$20,000 annually toward the maintenance of each child.
M. Chard, attorney for the Princess de Sagan, had this comment to make: "Count Boni's modest request for \$20,000 a year is a sufficient commentary upon this suit."
